

JODIE RANDOLPH DANCE

Technical Rider

This is a Technical Rider that covers *Two Twelve*.

Jodie Randolph Dance is a versatile and well-traveled contemporary dance company with a good history of producing shows in various venues world-wide. It will be our pleasure to customize our technical requests to the extent possible in order to meet your needs.

A copy of this rider, signed by the Presenter and Resident Technical Director, must be returned with the contract. The Jodie Randolph Dance Lighting Supervisor must provide written approval of any changes or modifications of these technical requirements. Jodie Randolph Dance travels with a Lighting Supervisor.

TECH TIME

The standard Jodie Randolph Dance requirements are an eight hour day before the day of the show and then four hours the day of show for a total of twelve hours of tech time in the theater prior to the first performance. This tech time should start at least forty eight hours prior to the first performance. A final schedule will be worked out between Jodie Randolph Dance's Production Manager and Presenter's Technical Director or representative. If sufficient time cannot be arranged, Presenter agrees to pay the house crew's overtime and/or meal penalties in order to complete load in for the program. JRD can be flexible on these times to meet presenters budgetary constraints.

STAGE

Preferred: 40 feet wide wing to wing by 30 feet deep plaster line to scrim

Minimum: 30 feet wide wing to wing by 25 feet deep plaster line to scrim

Crossover: Approximately 3 feet unobstructed upstage space

Wing space: (4) wings between plaster line and the upstage scrim; 7 to 10 feet wide by 5 to 10 feet deep (each)

Technical Requirements

1. DECK:

- Floor must be "sprung." The company can not dance on concrete or wood laid directly on concrete.
- Deck is to be flat, and not raked.
- Ideally carpeting will be laid over any offstage obstructions such as cable runs and boom legs and also over any cement or otherwise slippery surfaces. This includes all stage areas and crossover pathways.
- Presenter must provide, when available, a black Marley-type dance floor. Marley Floor must be laid from stage left to stage right (not upstage to downstage).

- Floor must be swept and mopped no later than one hour prior to performance or rehearsal (or as per house standard).

2. MASKING / SOFT GOODS:

- One Main Curtain (Traveler or Guillotine)
- Four pairs of Black Velour Legs
- Four Black Velour Borders

- The floor must be flat, level, even and free of holes.
- A Rosco, Harlequin, or Marley dance floor, uniformly black, without holes, cuts, or rosin, covering the entire stage deck, must be laid prior to the arrival of Jodie Randolph Dance.
- Marley tape or black gaff tapelines must run from stage left to right, not up and down stage.
- The floor must be properly maintained at all times and shall be cleaned prior to each rehearsal and performance.

4. SOUND

- In the case of live musicians, the venue shall advance any of the additional sound requirements with the musician's management.
- Presenter shall provide a qualified sound engineer who knows the venue and system.
- The sound system shall not take up any stage space, nor impinge on the performance area.
- Presenter shall provide a professional sound system that is capable of being heard throughout the entire audience at 90dB concert levels, which includes: Mixing console with minimum (8) inputs and (6) outputs (stereo sound).
- (2) onstage high powered monitors located stage right and stage left in wings one and three.
- Separate control of onstage monitors and house speakers.
- System must be in place and fully operational by the arrival of Jodie Randolph Dance.
- Presenter shall provide a backstage monitor/announcement system, which can be heard backstage, in the dressing rooms, and in the green room. A headset intercom system is to be provided to the following stations: (2) stage left, (2) stage right, fly rail, Light Board Operator, Sound Operator, (2) Spotlight Positions and Front of House. Wireless is always preferred.
- A God mic, with switch, should be available at the tech table for rehearsal purposes.

5. LIGHTING

Jodie Randolph Dance Lighting Supervisor shall provide Presenter with a light plot and all requisite paperwork approximately one month prior to scheduled performance date. Presenter must provide full venue tech package including light plot, instrument schedule, channel hookup, magic sheet, and a list of pre-programmed macros/ sub groups one month prior to the performance date. Once the light plot has been submitted, any changes or deviations from the plot must be agreed to and signed off by the Jodie Randolph Dance Lighting Supervisor. No changes, adaptations, conversions or substitutions to gel color or lighting instruments may be made without prior written agreement by the Jodie Randolph Dance Lighting Supervisor. Presenter shall provide one experienced light board operator to assist in programming the house board. Preferred boards: ETC Element, ION, High End Hog Series.
